### **Important Information to note**

- Bookings will only become available after 8pm the night before the day you want to visit, trying to book before this time may result in your closest test centre not being displayed.
- The booking portal can become very busy, we are aware there are issues nationally, if you cannot get through on your first attempt please keep trying.
- Mobile Testing Centres operate by appointment only, one appointment is required per person. E.g. If there are 4 people in 1 car that want to be tested 4 appointments must be booked
- If you do not have an appointment you are likely be turned away and told to make an appointment on line.
- Appointments for Edmonton Green and Lodge Drive are for drive in and walk in. When booking a 'walk in' appointment you will still be prompted to enter a car registration, please just select unknown in order to proceed with your booking.
- If you are experiencing any of the symptoms, please ensure you are self-isolating as per government guidelines.
