 <p>Our History, Our Home</p>	<p>Broomfield House has 14 windows. Half of them have been broken. How many are <u>not</u> broken?</p> <p>It takes 5 minutes to run once around Broomfield House. How many minutes would it take to run around it 3 times?</p> <p>Can you make up some of your own maths stories?</p>	<p>https://www.youtube.com/watch?v=r7nqXufggqA Watch this video all about Broomfield House.</p> <p>Write a fact file about the building. Try and include - When it was built, where it is and what it has been used for in the past.</p>	<p>It would cost a lot of money to restore Broomfield House. Discuss with a family member whether they think this is a good use of money. What else could the money be spent on? How could it be prevented from burning down again?</p>	<p>Create a model of Broomfield House.</p> <p>Before you start have a look online at how the building looked before it was damaged by fire.</p> <p>Can you include some of the features of the park in your model?</p>	<p>Teach a family member all about the history of Broomfield House!</p> 	<p>Write a letter or email to a family member or friend. Describe what you do to fill your time. What questions could you ask them?</p> <p>Ask what you can do to help in the house. Maybe you could help prepare a meal or wash up?</p>	<p>Investigate the history of your own house or street. When were the houses built? Why were they built?</p> <p>https://www.youtube.com/watch?v=OIORf1sMNOC Watch this video of local people sharing their memories of the Broomfield Park and House.</p> <p>https://www.youtube.com/watch?v=OYpYYit5uz4 Watch this video of visit to Broomfield Park in 1966.
